Non Directory Records Permission

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. §1232g; 34 CFT Part 99) is a Federal law that protects the privacy of student education records.

Schools must have written permission from the parent or eligible student in order to release "non-directory" information from a student's educational record.

To comply with the FERPA regulations the Tribal Education Department is requesting permission for program staff to have access to student attendance, behavior and academic data on a need-to-know basis. All staff have signed confidentiality forms and will ensure and safeguard your child(ren)'s information. The data will be used to provide direct services to students identified as needing mentoring and additional support. Also, the data will be used to plan for and award attendance incentives.

This permission also allows students to receive incentives and the Tribal Education Department to share student names and pictures with newspapers and other media sources to showcase the student's success.

Your signature indicates your permission to release attendance, behavior and grades information from your child(ren)'s educational record for the current school year only.
