ENEMY SWIM DAY SCHOOL COMPACT 2024-2025 SCHOOL YEAR

This compact is to be signed by parent/guardian, student, teacher and principal.

As a Parent/Guardian, I will strive to:

- believe my child can learn;
- show respect and support for my child, the staff, and the school;
- ensure that my child attends school regularly and is on time as stated in student attendance policies;
- provide a quiet place for my child to study at home;
- encourage my child to complete all homework assignments;
- attend parent-teacher conferences at the end of the first and third quarters, annually;
- support the objectives of the Educational Improvement Plan (if my child has one);
- monitor my child's progress on Infinite Campus;
- communicate regularly with my child's teacher and respond to communications from the school;
- support the school in developing positive behaviors in my child;
- talk with my child about his or her school activities each day;
- encourage my child to read at home and apply all their learning to daily life; and
- encourage and support my child in awareness and participation in cultural activities.

As a student, I will strive to:

- believe that I can learn;
- show respect for myself, my school and other people;
- always try to do my best in my work and my behavior;
- ensure that I attend school regularly and will be on time as stated in student attendance policies;
- work together with students and staff for my educational success;
- display appropriate behavior and make good choices in the classroom and throughout the school;
- come to school prepared with my homework and supplies; and
- be proud of my cultural heritage and get involved in cultural activities.

As a Teacher, I will strive to:

- believe that each child can learn;
- respect and value the uniqueness of each child and his or her family;
- provide an environment that promotes active and engaged learning;
- enforce appropriate behavior in the classroom and throughout the school in a fair and consistent manner;
- assist each child in achieving the standards-based curriculum at proficiency level;
- document ongoing assessment of each child's academic progress through the school-wide assessment plan;
- provide an educational improvement plan for each student who is below proficiency in reading or math with specific objectives and strategies for improved achievement at proficiency;
- provide parents with weekly progress reports (on Infinite Campus), mid-quarter a quarterly written progress reports and portfolios, conferences at the end of the first and third quarters annually, and anytime upon parent request;
- maintain open lines of ongoing communication with students and parents;
- seek ways to involve parents in the school program;
- demonstrate professional behavior and a positive attitude; and
- promote learning opportunities that enhance each child's unique culture and identity.

As a School Principal, I represent all ESDS staff in affirming this contract and will strive on the school's behalf to:

- provide opportunities for parents to be involved in the school and with their child's education in a manner which is individually desired: school improvement planning, parent advisory boards for school programs, and parent organizations, classroom visitations and volunteering;
- provide parents with an ESDS Parent Handbook which outlines curriculum, policies and procedures, processes, the school improvement plan, school activities and calendars;
- provide opportunities and a plan for professional development for staff and parents according to the school improvement plan;
- ensure that all staff are highly qualified for the position which they hold;
- ensure an annual review of curriculum, course guidelines and provide continual educational improvement and cultural relevancy.

2024-2025 ENEMY SWIM DAY SCHOOL ACCEPTABLE USE OF TECHNOLOGY AGREEMENT

STUDENT NAME: _____ **GRADE:** _____

Internet access and E-Mail are available to students, teachers, and other employees at Enemy Swim Day School. ESDS believes the Internet offers vast, diverse, and unique resources to students, teachers, and employees. Our goal in providing this service is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages; but ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources.

Please read through this agreement of acceptable use, sign and return to the front office. This copy will be kept in the student's cumulative file.

I. Introduction

The Children's Internet Protection Act (CIPA), 47 U.S.C. §254(h)(5) require schools to implement certain measures and actions to ensure that students are restricted from accessing inappropriate materials online using school-owned computers. Enemy Swim Day School's Acceptable Network and Internet Use Policy (hereinafter "AUP") is intended to set forth the specific obligations and responsibilities of all users, including students and staff, who access the ESDS's Network, and to ensure such use complies with the CIPA requirements.

"Network" is defined as any and all Enemy Swim Day School owned computers, servers, hardware or software, the ESDS's local area network, wireless access points, the Internet, Internet 2, the ESDS intranet, email, chat rooms, other forms of direct electronic communications or other communications equipment provided by ESDS regardless of the physical location of the user. This AUP applies even when ESDS provided equipment (laptops, tablets, etc.) is used on or off premises of School property.

II. Acceptable Use

The Network may be used only as a tool to support and advance the functions of the Enemy Swim Day School as well as its curriculum and educational programs. Access to the School's Network is a privilege and not a right. Users of the Network are responsible for their behavior and communications over the Network and access to Network services will be provided only to those staff and students who agree to act in a considerate and responsible manner and in accordance with the ESDS's Internet Safety Policy and this AUP.

Students may use the Network only in support of educational activities consistent with the educational objectives of the Enemy Swim Day School. Use of the Network must be in compliance with applicable laws, including all copyright laws and all materials on the Network should be presumed to be copyrighted.

Each student must sign this AUP annually to confirm that the student has read and understands this policy and agrees to abide by it. Parents or guardians must also sign this AUP and submit it to the Enemy Swim Day School.

III. Network Etiquette

Users are expected to abide by generally accepted rules of network etiquette (netiquette). These include but are not limited to:

- A. Be polite. Do not send or encourage others to send messages that are abusive or otherwise fall in the definition of Prohibited Use in Section IV.
- B. Use appropriate language. Remember you are a representative of ESDS on a non-private network. You may be alone on a computer but what you write can be viewed around the world. Do not swear, use vulgarities or any other inappropriate language.

- c. All communications and information accessible via the Network should be considered private property that you cannot appropriate for your own use without appropriate attribution and consent.

IV. Prohibited Use

ESDS reserves the absolute right to define prohibited use of the Network, adopt rules and regulations applicable to Network use, determine whether an activity constitutes a prohibited use of the Network, and determine the consequence of such inappropriate use. Prohibited use includes but is not limited to the following:

- 1) Violating any state or federal law or tribal ordinance, such as: Accessing or transmitting pornography of any kind, obscene depictions, harmful materials, materials that encourage others to violate the law, confidential information or copyrighted materials;
- 2) Criminal activities that can be punished under law;
- 3) Selling or purchasing illegal items or substances;
- 4) The unauthorized collection of email addresses ("harvesting") of e-mail addresses from the Global Address List and other ESDS directories;
- 5) Obtaining and/or using anonymous email sites; spamming; spreading viruses;
- 6) Circumvention of the ESDS's Technology Protection Measure/filter to access blocked sites;
- 7) Disclosure of minors' personal information without proper authorization;
- 8) Students' disclosure of personal information such as the student's name, address, phone number, password or social security number, to other users when engaging in online activities including but not limited to chat rooms, email, social networking web sites
- 9) Causing harm to others or damage to their property, such as:
 1. Using profane, abusive, or impolite language; threatening, harassing, bullying or making damaging or false statements about others or accessing, transmitting, or downloading offensive, harassing, or disparaging materials;
 2. Deleting, copying, modifying, or forging other users' names, emails, files, or data; disguising one's identity, impersonating other users, or sending anonymous email;
 3. Damaging computer equipment, files, data or the network in any way, including intentionally accessing, transmitting or downloading computer viruses or other harmful files or programs, or disrupting any computer system performance. Parents will be responsible for replacement cost of damaged equipment;
 4. Using any ESDS computer to pursue "hacking," internal or external to ESDS, or attempting to access information protected by privacy laws; or
 5. Accessing, transmitting or downloading large files, including "chain letters" or any type of "pyramid schemes".
- 10) Engaging in uses that jeopardize access or lead to unauthorized access into others' accounts or other computer networks, such as:
 1. Using another's account password(s) or identifier(s);
 2. Interfering with other users' ability to access their account(s); or
 3. Disclosing your own or anyone's password to others or allowing them to use your or another's account(s).
- 11) Using the network or Internet for Commercial purposes:
 1. Using the Internet for personal financial gain;
 2. Using the Internet for personal advertising, promotion, or financial gain; or
 3. Conducting for-profit business activities and/or engaging in non-government related fundraising or public relations activities such as solicitation for religious purposes, lobbying for personal political purposes.

V. Off-Premise Use of Network

Students under the age of 18 should only access ESDS-assigned email accounts and/or other Network components including but not limited to school-assigned computers such as laptops, tablets or e-readers off of school premises if a parent or legal guardian supervises their usage at all times. The student's parent or guardian is responsible for monitoring the minor's off-premise use of the Network and ensuring such use complies with this AUP.

VI. Disclaimer

ESDS makes no guarantees about the quality of the services provided and is not responsible for any claims, losses, damages, costs, or other obligations arising from use of the Network or accounts. Any additional charges a user accrues due to the use of the ESDS's network are to be borne by the user. ESDS also denies any responsibility for the accuracy or quality of the information obtained through

user access. Any statement, accessible on the computer network or the Internet, is understood to be the author's individual point of view and not that of ESDS, its affiliates, or employees.

VII. Enforcement

Prohibited use of the Network may, for students, result in disciplinary action up to and including suspension or expulsion from school or, for employees, suspension or termination of employment. Where circumstances warrant, prohibited use of the Network may be referred to law enforcement authorities.

When a school administrator has a reasonable belief that a student has violated a school rule, policy or the law, and there are facts and inferences that would cause a reasonable person to suspect that a search of the student's personal technology device(s) will reveal evidence of a violation of said ESDS rule, policy or the law, the administrator shall have the authority to search such device, provided that the scope of the search relates to the suspected violation giving rise to the reasonable suspicion.

CYBER-BULLYING

Cyber bullying is all form of harassment over the Internet or other forms of electronic communications, including cell phones. Students and staff will refrain from using communication devices or School property to harass or stalk another. The School's computer network and the Internet, whether accessed at school or away from school, during or after school hours, may not be used for the purpose of cyber bullying. All forms of cyber bullying are unacceptable and viewed as a violation of this policy and the School's acceptable computer use policy and procedures.

Users are responsible for the appropriateness of the materials they transmit. Hate mail, harassment, discriminatory remarks, or other anti-social behaviors are expressly prohibited. Cyber bullying includes, but is not limited to the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures or images, or web site postings, including blogs. It is also recognized that the author (poster or sender) of the inappropriate material is often disguised (logged on) as someone else.

Students and community members, who believe they have been victims of such misuses of technology, as described in this policy, should not erase the offending material from the systems. A copy of the material should be brought to the attention of a principal or teacher.

In situations in which cyber bullying originated from a non-school device, but brought to the attention of the school staff, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly interrupts or severely impedes the day to day operations of the school. In addition, such conduct must also violate a school policy. Such conduct includes, but is not limited to, threats, or making threats off school grounds, to harm a member of the school staff or a student.

Malicious use of School's computer system to develop programs or to institute practices that harass other users to gain unauthorized access to any entity on the system and/or change the components of an entity on the network is prohibited. Disciplinary action may include, but is not limited to, the loss of computer privileges, detention, suspension, or expulsion for verified perpetrators of cyber bullying. In addition, when any kind of threat is communicated or when a hate crime is committed it may be reported to law enforcement.

1- _____

2- _____

3- _____

4- _____

Mobile Devices are digital devices like Smart Phones, iPads, and tablets that are universal in our digital culture. They simply cannot be ignored in an educational environment. Enemy Swim Day School embraces the use of technology in classrooms and welcomes the use of electronic devices to enhance student learning.

Enemy Swim Day School, in striving to maintain technological relevance to education, is providing the opportunity for students to use these devices in accordance with this **Mobile Device Acceptable Use Policy**. This opportunity is a **privilege** that requires extra caution and responsibility both on the part of students and their parents. This policy applies when students are at school, on school transportation, or attending a school sponsored or school related off-campus activity.

MOBILE DEVICE ACCEPTABLE USE POLICY

The wide variety of hardware and software capabilities of available mobile devices makes them challenging to monitor and control in a school environment in contrast with school-owned technology assets like computers, tablets, etc. Therefore, this policy is specific and clear. **A student who violates any portion of the policy may immediately lose the privilege to use their devices at school, on school transportation, or while attending a school sponsored or school related off-campus activity.** Length of time administered for any violation of this policy will be appropriate with the nature of the violation.

GUIDELINES FOR USE OF MOBILE DEVICES AT SCHOOL

1. School administrators/officials may examine a student's personal device and search its contents if there is a reason to believe that school policies, regulation, or guidelines regarding use of the device have been violated.
2. Any device brought to school for the purpose of use in academics of school approved materials and to access instructor approved programs to assist students in studies must be registered with the main office of the school site and accompanied by the **Mobile Device Acceptable Use Agreement Form** signed by both the parent and the student.
3. Mobile Devices shall be used only for the purposes outlined in number two (2) above and in accordance with teacher instruction.
4. Mobile Devices shall not become a distraction for the student and/or other students, nor a source of any school disruption.
5. Students may access Mobile Devices before school, at lunch and after school in appropriately zoned and supervised areas only, with a staff member present and according to Technology Acceptable Use Policy.
6. Students are responsible for knowing how to properly and effectively use their Mobile Devices which should not become a burden to the teacher.
7. Students bringing their own Mobile Devices are personally responsible for the device. No personal Mobile Devices shall be loaned to other students or be left unsupervised. Parents shall assume responsibility and ultimate liability in the event that a personal Mobile Device is found to have access to networks outside of the school's filtered and monitored network.
8. The school assumes no responsibility for the loss of, theft of, or damage to any personal Mobile Device.
9. Students who are authorized to check-out a school-owned Mobile Device must also have a signed **Mobile Device Acceptable Use Agreement Form** on file in the school office.
10. All material on the Mobile Device shall comply with the spirit of educational application and all policies of the school.
11. Although parents/guardians may need to communicate with their child via mobile devices, please keep in mind that students will only be allowed to access/respond during NON-instructional times.
12. No student shall use a Mobile Device to photograph or record other students or staff in the school without consent.
