SUPERINTENDENT'S WELCOME

Haŋ mitakuyapi, caŋte wašte nape ciyuzapi. It will be an exciting year at Toka Nuwan Wayawa Tipi with the completion of the new cultural immersion expansion. We also upgraded our whole HVAC (Heating and Cooling) system in our original building. We also completed our Kuŋši Pejuta Maga or Grandma's Medicine garden which is full of medicinal plants to teach with our students. We also worked on a road project for our driveway and bus loop. Also, you may have noticed our 4 staff houses that are a work in progress.

Another exciting project we've been working on is the additions to the Dakota Curriculum with an emphasis on conversation. We also drafted a new Dakota Language Conversation Assessment based on ACTFL. With the teachers basing their lessons on this curriculum, in our near future we should be graduating intermediate Dakota Language Speakers.

Finally, with the addition of our graduate profile, we are starting a Graduate Capstone project for every 8th grader. This spring they will present their project to parents, families, and staff members. Our goal is for students to be Connected and Balanced, Grounded in Culture, and Indigenous Learner that understands the concept of Mitakuye Owasiŋ. We want our students to be prepared for high school and in order for that to happen we need a partnership with you, our parents – a commitment from you to get your students up, ready, and to school. We have an effective, experienced instructional staff that are ready to teach your child(ren) every day. Henana.

Welcome to 2026-27 at Toka Nuwan Wayawa Tipi

--Wopida Eciciyapi,

Dr. Nadine Eastman, Superintendent

A child must be five (5) years old on the first day of September to be eligible for enrollment in Kindergarten during that school year. Students may enroll in first grade if they have attained the age of six (6) years prior to September 1st of the ensuing year.

SWO Tribal Educational Code Chapter 66-10-01 Mandatory Attendance - Every person who has a child under their care between the ages of five (5) and eighteen (18) years should assure the attendance of child(ren) in school according to the juvenile and penal codes. South Dakota Law (SDCL 13-28-7) requires that any student entering school shall prior to admission, be required to present to school authorities' certification from a licensed physician that the child has received or is in the process of receiving adequate immunization against poliomyelitis, diphtheria, pertussis, rubella (measles), rubella, mumps, and tetanus, according to the recommendations of the State Department of Health.

South Dakota Law requires incoming Kindergarteners need to show documentation of receipt of four (4) or more doses of poliovirus vaccine (IPV), four (4) or more doses of diphtheria, pertussis and tetanus containing vaccine (DTAP), two (2) doses of measles, mumps, and rubella vaccine (MMR or MMRV), and two (2) doses of varicella vaccine (Varicella or MMRV). A parent may choose to sign the Medical Exemption to Immunization Law Form, for medical or religious reasons. The school Nurse will send this document to the State of South Dakota. Students are expected to be potty trained before entering into school. Although accidents happen, if it becomes habitual then a family member will be asked to come change the student.

REQUIREMENTS FOR SIXTH (6th) GRADE ENROLLMENT

A child must have the following immunizations prior to their first day of school as a 6th grader at Toka Nuwan Wayawa Tipi: Tdap (Tetanus, Diphtheria, Pertussis), MCV4 (Meningococcal), *HPV (Human Papillomavirus), and *Flu (Influenza). Any child transferring into Toka Nuwan Wayawa Tipi from an out-of-state school must have all the required immunizations prior to their first day of school at Toka Nuwan Wayawa Tipi. The *HPV (Human Papillomavirus), and *Flu (Influenza) are optional for students.

STUDENT ENROLLMENT/ADMISSION

The student must be living with parents or guardians within the attendance boundaries of the school. A student is considered provisionally enrolled on the first day of participation in an activity or attending class. Student enrollment is not complete until all records and documents are received by ESDS. Teachers will be given one day to prepare for new students that are enrolling mid-year. Administration reserves the right to declare a student "not enrolled" when student records are not complete. Students are enrolled provisionally according to policy until approved for full admission by the School Board at the next regular School Board meeting. The School Board reserves the right to deny admission if the school's requirements are not met or for other extenuating circumstances, to restrict class sizes, and ESDS expect students to be in attendance for at least 94% once they are enrolled.

STUDENTS IN TRANSITION (HOMELESS)

Enemy Swim Day School will provide children or youth experiencing homelessness with services comparable to services offered to other students in the school. Enemy Swim Day School will ensure the immediate enrollment of children or youth experiencing homelessness regardless of a lack of records and will work to quickly secure records for children and youth. The school will ensure the elimination of stigma or segregated services while working to eliminate identified barriers for homeless children and youth.

STUDENTS WHO HAVE BEEN EXPELLED FROM A PRIOR SCHOOL

Enemy Swim Day School may prohibit a student from enrolling in ESDS if the student is under suspension or expulsion from another school. Upon receiving a request for a student's permanent school records from the receiving district, the sending school shall provide the receiving district with written notice of any suspension or expulsion.

JUVENILE SEX OFFENDERS (Ref: SWO-Chapter 75-05-12)

All Juvenile Sex Offenders, age 14 and older are required to register with the Sisseton Wahpeton Oyate (SWO) Sex Offender Registry Office (SORO). The SWO SORO will also contact the School and provide notice that a student is registered with the SWO SORO.

DROP-OUTS

A dropout student shall be defined as a student who has withdrawn from the school and has not enrolled in an appropriate grade level educational program in another institution.

ASSIGNMENT OF STUDENTS TO CLASSES

Grade placement is made by the Principal according to the academic history and progress of the student.

Admission will be granted once the application has been approved by the school board.

Transfers from other schools shall be honored in reference to the student's placement until such time as there may be evidence that the student would be better placed.

ATTENDANCE

APPROVED ABSENCES

An excused absence is an absence which is in the following approved categories: 1) prior approved cultural activities for students that collect their assignments before absence, 2) personal illness, 3) death in the family, and 4) prior approved educational activities for students that collect their assignments before an absence. Approved absences for cultural or educational activities may be counted as school days with prior approval from an Administrator.

ABSENCES

If a student is going to be absent from school, an excuse signed by the parents or a phone call is required to be made to Administration. Administration will contact parents when no excuse is provided by parent. All Absences will be marked as unexcused if no contact is received from parent/guardian. Parents will be notified in writing by Administration when their student drops/falls below 93% accumulative attendance rate. Parents will be called by the principal or designee when their student drops/falls below 93% accumulative attendance rate. A Student Assistance Team (SAT) meeting will be held at the school with parents and student to develop an attendance contract and the truancy officer will be notified when students accumulative attendance rate drops/falls below 80%. If a contract is broken the student will be unenrolled. To appeal the unenrollment the parents and student will have to attend a school board meeting to explain why the contract was broken and how they plan to change the pattern of absences.

If a student misses 10 consecutive days, the school will drop the student from school enrollment. The student will have to petition the school board for re-enrollment. Any student that has been on an attendance contract the prior year unsuccessfully, will begin the new school year with an attendance contract. Students with attendance contracts for 2 consecutive years or who are in violation of current attendance contract will not have priority status for enrollment. The Board will review the application for approval of enrollment prior to starting school.

The school administrator/Truancy Interventionist will notify the Child Protection Program/Court Juvenile Services when a student reaches 10 days of unexcused absences and again at 15 days of unexcused absences during a school year. If a student is absent for 3 or more consecutive days due to illness, they will be required to provide a doctor's slip or it is recorded by the school as an unexcused absence. If it is necessary for a student to leave school during the day, Administration needs to be informed in writing or by phone, and the

student needs to be signed out at the office by the parent/guardian. K-8 Students who have been absent or plan to be absent will meet individually with their teachers to get their assignments as part of the classroom procedures. Students who do not complete make up work within 2 days will be assigned to ZAP (according to the homework policy) until the work is completed. A student who is sleeping during instruction may be required to attend ZAP afterschool.

A student is counted absent in the morning if he/she leaves before 10:00 am or half-day absent if he/she comes in after 9:30 am. If he/she leaves before 2:30 pm, he/she is counted absent in the afternoon. They will be counted tardy if they come in between the hours of 8:20 am and 9:30 am (On early release days, students are counted half-day absent if they arrive at 9:00 am or leave before 12:00 pm).

Students are not permitted to leave the school grounds during recesses or before school, unless they have written permission from the parent or guardian and/or permission from the principal. Students arriving tardy to school or leaving early are missing significant teaching and learning time. This time will be counted as an additional absence when equivalent to one 7-hour school day. Teachers will contact student's parents about tardies, and or have a SAT to help plan with families on ways to get the student to school on time each day.

LATE BUS

ESDS offers a late bus for occasional, unexpected reasons when students have missed their bus on Monday through Thursday. Each student will be allowed a total of one (1) late bus tardy per week during the school year. If a student misses the late bus three times, they will not receive a late bus for the remainder of the year.

TARDIES TO CLASS AND PASSES

Students are expected to report to class on time. A pass will be given by the staff member responsible for the student being late to class. Students in grades 5-8 are required to have a pass any time they are out of class. Teachers will only send one student at a time with a pass. Teachers will issue passes for valid reasons only. (Those without a valid pass can result in an unexcused tardy or skipping.)

HABITUAL SKIPPING AND TARDINESS

Parents/guardians will be notified of students who are tardy or miss five (5) of the same class period. (The teacher and student will meet to develop a plan after five tardies to the same class period.) The teacher will set up a parent meeting to determine an appropriate plan of action and the next steps. Skipping class will result in In-School Suspension/Lunch detention (or After-School detention). The student will be required to make up missed classwork.

ACADEMIC PROGRAM

CURRICULUM

FACE utilizes Creative Strategies curriculum with embedded curriculum from the FACE model. For Literacy in grades K-5th grade, the school adopted Savvas. The MS is using the NISN Native Literature curriculum along with HMH. For mathematics the K-8 grades are utilizing IReady Classroom Mathematics. The elementary students are going to utilize Mystery Science as a resource and grades 5-8 will use HMH Science also with a Native Science integration. For Social Studies, the 6th & 7th graders utilize TCI Alive and the other grades use a variety of resources.

ASSESSMENT

Students are assessed on NWEA Measure of Academic Progress (MAP) three times a year (fall, winter, spring). K-3 students are assessed on Aimsweb which is also used for progress monitoring. Students in grades K-8 are assessed each spring on the BIE State Assessment.

GRADING:

ESDS grades on a standards-based method. Standards-based grading is a system that measures a student's mastery of specific standards based on the following rubric.

Rubric	Score	General Scoring Rubric	Student self- assessment: "I can" statement
Advanced	Score 4.0	In addition to Score 3.0 performance, the student demonstrates inferences and applications that go beyond what was taught in class. Student consistently demonstrates accurate and complete knowledge of content and skills specified in the course standards and performance expectations and who applies that knowledge to solve problems in a variety of settings. They meet all standards and performance expectations and exceed beyond grade level or content explicitly taught with consistent accuracy.	I know (can do) it well enough to make connections that weren't taught, and I am right about those connections.
Highly Proficient	Score 3.5	In addition to score 3.0, performance, the student demonstrates partial success at inferences and applications that go beyond what was taught in class. Student consistently demonstrates accurate and complete knowledge of content and skills specified in the course standards and performance expectations and who applies that knowledge to solve problems in a variety of settings. They meet all standards and performance expectations and partially exceed beyond grade level or content explicitly taught.	I know (can do) it well enough to make connections that weren't taught, but I am not always right about those connections.
Proficient	Score 3.0	The student demonstrates grade level mastery with no major errors or omissions to the more complex ideas and processes or the simpler details and processes. Student demonstrates knowledge of content and skills specified in all course standards and performance expectations and apply that knowledge to solve problems in a variety of settings.	I know (can do) everything that was taught (the easy and harder parts) without making mistakes.
Partially Proficient	Score 2.5	No major errors on simpler details and processes and partial knowledge of more complex ideas and process.	I know (can do) all the easy parts and some (but not all) of the harder parts.
Basic	Score 2.0	The student demonstrates errors or omissions with the more complex ideas and processes, but no major errors on simpler details and processes. Student demonstrates knowledge of basic content and skills specified in the course standards and performance expectations, but require additional practice and instructional experiences for skills necessary to solve problems and meet all standards.	I know (can do) all the easy parts, but I don't know (can't do) the harder parts.
Partially Basic	Score 1.5	Partial knowledge of simpler details and processes, but major errors or omissions regarding complex ideas and process	I know (can do) some of the easier parts, but I make some mistakes.
Below Basic	Score 1.0	With help, the student demonstrates partial understanding of some of the simpler details and processes and some of the more complex ideas and processes. Student needs additional practice and instructional experiences to acquire knowledge	With help, I know (can do) some of the harder parts and some of the easier parts.

		of basic content and skills specified in the course standards and performance expectations necessary to solve problems. Student may not be meeting all standards and the mastery of course content which is needed for success at the next level in a sequence of courses.	
Below Basic	Score .5	With help, the student demonstrates partial understanding of some of the simpler details and processes, but none of the more complex ideas and processes.	With help, I know (can do) some of the easier parts, but not the hard parts.
	0	Even with help, the student demonstrates no understanding or skill of both complex and simpler details and processes	I don't know (can't do) any of it.

HOMEWORK

Definition - Homework is an activity assigned by the teacher to complete outside of the school day that meets or extends the goals of the curriculum. Homework is clearly defined, directly related to class work and is used to master curricular goals. Homework's role is a formative assessment - assessment *for* learning that takes place *during* learning. Homework supports learning in one of four ways: pre-learning, checking for understanding, practice, or processing. It is work that students should be able to complete independently. The goal of feedback on homework is to improve learning, improve performance on summative assessments, to promote student ownership of learning, and to encourage self-assessment.

Missing work - class work and/or homework that is not completed by the due date.

Make-up work - class work and/or homework that a student has missed due to absence from the class.

Classwork - work/activity that is to be completed within the class period and/or school day as introduction, guided or independent practice or summarization of curricular goals.

Daily/Weekly Homework folder – Elementary students will have a folder that will go home periodically for parents to review and returned to the teacher. This folder will contain the daily homework assignment to complete at home and an assignment sheet for class work. Missing work and make-up work will be listed when the student has some to complete. Items that need to be returned the next day will be found in the “return to school” pocket. Students will have parents sign the assignment sheet when work is completed and return it school the next day. Pertinent class and school information and graded assignments will be sent home with students in the folder and found in the “keep at home” pocket. The folder serves as a 2-way communication between home and school.

Progress Reports - Teachers will provide progress reports every two weeks that show their grades and missing work. Please review and sign for your child to return these to the school. The school will provide report cards at the end of each quarter.

Importance - Good study habits in completion of homework and study time practice will help our students, your children, develop the necessary skills to become lifelong learners.

Provide practice and reinforce skills presented by the teacher;

Broaden areas of interest through enrichment and experience;

Provide opportunities for parents/guardians to know what their child is studying;

Encourage interaction between parent and child; and

Form habits of independence.

Student Role - Students are expected to complete class work and homework as assigned. They are expected to complete make-up work from absences within two (2) school days. They are expected to complete missing work during assigned work sessions. Students are expected to maintain the study routine (reading, exploring,

reviewing, etc.) at home even on days when homework is not brought home. Students are expected to have their homework folders signed each night. Or progress reports signed and returned to their teacher.

Corrections and Returns - Teachers will promptly mark, grade and return homework, class work, and assessments with meaningful feedback to enhance its effects on student learning. All students will be provided the opportunity to redo, correct or complete an alternative assessment for all assignments. Opportunity for re-teaching will be provided. Students will receive full credit for proficient re-dos/corrections.

No Zero Policy (ZAP) - ESDS promotes success and proficiency of content area skills and standards by not accepting zeros or missing work. Students with missing work, failing grades, or removed from class for any amount of time due to behavior will receive incompletes and assigned to mandatory ZAP (Zeros Aren't Possible) sessions until all missing assignments are completed. ZAP lists will be posted and students will be informed of ZAP status as progress is made. These work sessions will occur during non-content area time periods: afterschool, before school, lunch, computer, PE, Staff PD days (days when students are not in session at school). ZAP and OST sessions are for incomplete, make up or redo class work. Homework is to be completed at home on the day assigned.

Infinite Campus Parent Portal - Parents will be able to access student progress through parent portal in Infinite Campus on-line. The teachers will enter grades within 1 week of the assignment and keep grade books current.

DAKOTA EDUCATION

Our focus for the school year is on having indigenous responsive classrooms. The Enemy Swim Day School Board recognizes the importance of maintaining the Dakota history, culture, language and way of life. The school will emphasize Dakota History, Culture, Language and Life Ways programs that will continually enhance the students understanding and awareness of the language, history, culture and way of life. The programs will encourage and seek out the participation of students, parents, and the community. Curriculum for the Dakota Culture, Life Ways, History and Language are available. All students attending Enemy Swim Day School will be required to attend Dakota Studies classes and are expected to attend the Opening and Closing Ceremonies.

PHYSICAL EDUCATION

Physical Education is a required course and all students will participate. A written notice from a parent or doctor is needed to excuse a student from PE. If a student misses PE three (3) times or more, a written excuse must be from a doctor. Reimbursement, up to \$25, will be provided to parent when a receipt is presented to the Business Office for purchase of a pair of gym shoes to be kept at school. Students in grades 5-8 may also bring shorts and a T-shirt for PE class. Tennis shoes must be worn in the gym.

PARENT/TEACHER/STUDENT CONFERENCES

Parent/Teacher/Student Conferences are held at the end of the first and the third quarters of school. Other conferences may be arranged by appointment with your child's teacher. At times, teachers will also arrange for special conferences with parents.

GRADUATE PROFILE

ESDS adopted a graduate profile, WoDakota, which establishes a collective vision for student success and serves as a guiding framework for the educational experience. The profile is grounded in four foundational areas: Indigenous Learner, Mitakuye Owasiŋ, Connected & Balanced, and Culturally Grounded.

GRADUATE CAPSTONE

Every 8th graders will complete a capstone project that demonstrates their learning, growth, and development throughout their educational journey. Students will present their completed projects in the fall, providing an opportunity to showcase their knowledge, skills, and meaningful connections to Dakota language, culture, and community.

REMOTE LEARNING

Definition: Remote Learning is education provided away from the physical school building during a time of administrative approved closure.

Remote Attendance: Students must complete a daily remote assignment or participate in class video conferencing to be considered present that day for that class. Students must be in attendance in 75% of core classes to be counted as a full day. Students must be counted in attendance for at least 35% of core classes to be counted as a half-day present.

The school will provide online instruction for FACE through Eighth (8th) grade on their google classrooms and/or paper packets. Students will have access to appropriate educational materials and receive daily interaction with their certified teacher. Student learning supports that are identified on a student's Individualized Educational

Program (IEP), 504 Plan, or Gifted program, will be provided remotely. Remote learning includes blended learning solutions with packets and/or online or virtual educational options.

The Administration oversees the implementation and continuation of Remote Learning with support for teachers, students and parents. ESDS' Network Administrator will be available for support, and will maintain the infrastructure of all platforms. The confidentiality of student and staff information will be protected. The school will ensure the online platforms, class meetings and all other communications are secure and will not allow for the release of protected student or staff information.

ACCEPTABLE USE OF TECHNOLOGY

Internet access is available to students, teachers, and other employees at Enemy Swim Day School. ESDS believes the Internet offers vast, diverse, and unique resources to students, teachers, and employees. Our goal in providing this service is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication. Middle School Students may use chrome books during breakfast/home room on Fridays if they have earned the right through participation in activities Monday-Thursday. All students will complete internet safety curriculum at the start of each school year.

While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages; but ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. All school devices are monitored through device management software. All information saved to a school device is accessible through the device management software program.

MOBILE DEVICE ACCEPTABLE USE POLICY

The wide variety of hardware and software capabilities of available mobile devices makes them challenging to monitor and control in a school environment in contrast with school owned technology assets like computers, etc. Therefore, this policy is specific and clear. A student who violates any portion of the policy may immediately lose the privilege to use their devices at school, on school transportation, or while attending a school sponsored or school related off-campus activity. Length of time administered for any violation of this policy will be appropriate with the nature of the violation.

GUIDELINES FOR USE OF MOBILE DEVICES AT SCHOOL

1. School Administrators/officials may examine a student's personal device and search its contents if there is a reason to believe that school policies, regulation, or guidelines regarding use of the device have been violated.
2. Any device brought to school for the purpose of use in academics of school approved materials and to access instructor approved programs to assist students in studies must be registered with the main office of the school site and accompanied by the Mobile Device Acceptable Use Agreement Form signed by both the parent and the student.
3. Mobile Devices shall be used only for the purposes outlined in number two (2) above and in accordance with teacher instruction.
4. Mobile Devices shall not become a distraction for the student and/or other students, nor a source of any school disruption.

GENERAL INFORMATION

PARENT INVOLVEMENT

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- that parents play an integral role in assisting their child's learning
- that parents are encouraged to be actively involved in their children's education
- that parents are full partners in their children's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their children

Enemy Swim Day School commits to partnering with parents to establish meaningful parental involvement in the education of their child(ren).

To obtain a full copy of the PPRA regulations, see the school Administrator.

LOCKERS

Each student will be assigned a locker. Middle school students have a combination lock for their locker. Lockers are the property of the school and are subject to inspection and search at any time. Random searches for drugs or weapons may be conducted in cooperation with TRACKS and/or local Law Enforcement Agencies at any time.

LOST PROPERTY & THEFT

All students are responsible for any instruments, books, equipment, or other items that they have on campus, whether they are owned by the student or have been entrusted to the student by the school or others. Please be aware that the school is not responsible for any loss, theft, or damage to any such items whether in the student's possession or stored/left on campus or other school property.

EMERGENCY DISMISSALS

If school is dismissed during the school day in the event of inclement weather, power outage, etc., the students will be transported to their home or the emergency home listed. If school is dismissed, the Superintendent or designee will notify parents and students via the School Messaging System and the school Facebook.

FIRE AND EMERGENCY

Fire extinguishers are designed to suppress a fire. When they are released by students, they can cause a hazardous situation. Any student found guilty of such conduct may pay for the cost of recharging as well as any

damages they cause. Fire Alarms are located throughout the ESDS campus for safety and emergency reasons only. Any student who deliberately engages a fire alarm in a non-emergency situation will be disciplined.

There will be fire and disaster drills during the course of the school year for the express purpose of practicing building evacuation. All students and teachers will immediately leave the building according to the designated plan during a drill exercise. Students will remain with their assigned group and assigned staff outside the school building.

Detailed instructions for emergency exit from the school building will be posted in each individual classroom. Teachers are responsible for making sure their students know these rules and how to safely exit the classroom(s)/school.

1. NEVER assume it is just a drill.
2. WALK...do not run.
3. MOVE QUICKLY in single file out of the building.
4. BE QUIET and listen closely to directions.

REPORTING CHILD ABUSE AND NEGLECT

All school staff are mandatory reporters. Children sometimes need adults to report child abuse and neglect and some adults, such as school employees, are required by law to report suspected child abuse and neglect. Children in danger in their homes or elsewhere need adults to be responsible and consider the safety of the child. It is not the intention of the school or Law Enforcement to cause undue hardship to families while keeping children safe. Enemy Swim Day School does, by law, report suspected child neglect and abuse cases to SWO Child Protection.

SERVICE LEARNING

In service learning, students meet educational standards and acquire Dakota Values through designing and implementing community service activities to meet a school or acquire community need. ESDS encourages individual and group service learning through volunteering in the school and community, and through service learning programs developed within the school setting. The school tracks service learning hours completed under the supervision of a school program or classroom project, and students receive a certificate. These hours may be used to qualify for student activity trips.

STUDENT VOLUNTEERISM

Students are greatly encouraged to participate in school and community volunteer opportunities. Volunteerism empowers students to gain new perspectives on school and community life to assist the Dakota people. Student volunteers should be able to carry the additional load without interfering with their academic achievement.

INTERVIEW POLICY

When students are at school or involved in a school activity off school grounds, the school has an obligation to the students, the parents, as well as to the authorities, such as law enforcement and the Department of Social Services. This policy attempts to balance the rights of students and parents with the rights and responsibilities of law enforcement and the Child Protection Program as those entities investigate juvenile delinquency/criminal matters and matters of child abuse and neglect. It is therefore the policy of the School that:

(1) Should a law enforcement officer wish to talk with a student under the age of 18 while the student is at school and interview the student for a reason other than investigating school related incidents or suspected child abuse or neglect, the School will not allow the law enforcement officer to question the student unless the school has first notified the student's parents and received permission from a parent for the student to talk with the law enforcement officer. The parents shall also have the right to be present should the parents grant permission to law enforcement officer to talk with the student.

Tribal code requires investigation of suspected child abuse to be kept confidential and can be done without notification to parents. - A. Complaints and concerns of students and parent(s)/guardians(s) should be submitted to the appropriate staff person in writing by the person (or by other persons acting in behalf of the person, in the case of a young child, or a person in physical or emotional pain or other reason they would be unable to write their own statement) within five working days of the incident.

STUDENT CONDUCT AND DISCIPLINE

For children to succeed, they must believe you care about them, that you have confidence in their ability to solve problems, and they must experience mutual respect. The stronger the relationship, the easier it is to resolve

differences. If done in a calm, respectful environment, this process can help build that relationship. It also teaches self-discipline through responsible thinking. ESDS utilizes Conscious Discipline and Positive Behavioral Interventions and Supports (PBIS). Conscious Discipline is an evidence-based, adult-first social-emotional learning program focusing on adult self-regulation, connection, and problem-solving. Positive Behavioral Interventions and Supports is an evidence-based framework used by schools to teach, encourage, and reinforce positive behaviors.

TRACKS

A student support program that fosters mutual respect. At ESDS, the TRACKS team consists of the Dean of Students, Cultural Dean of Students, and Behavior Technician. At Enemy Swim Day School we use the acronym TRACKS to remind everyone that we need to be respectful, responsible, safe, caring, and kind.

Tracks Mission Statement

The Enemy Swim Day School's TRACKS Program will help students focus on restoring academic achievement, social relationships and the environment.

Purpose

The purpose of the TRACKS Program is to keep students in the regular classroom so they can access instruction. TRACKS team members will push-in to the classroom when Tier 1 school-wide and classroom interventions have proven unsuccessful. TRACKS team members will only remove students from the classroom when the behavior is disrupting the learning environment or is unsafe. The TRACKS Program staff members will provide Tier 2 behavioral support in the form of modeling, connecting, providing direct social/behavior skill instruction, and increasing opportunities for feedback when Tier 1 school-wide interventions have been unsuccessful. TRACKS team members will help implement and progress monitor Tier 3 individual behavior intervention plans.

STUDENT SERVICES ROOMS

The TRACKS and the Buffalo Calming room will be used for short-term removal from the classroom to help the student get back on track. Students will be expected to self-calm, identify feelings and reasons for the upset, and make a plan to solve the issue. The Buffalo Calming room will be free of distractions. When students are in the Student Services Rooms for any extended time, beyond fifteen (15) minutes, they will be expected to complete classwork during another flexible time of their day or in the afterschool ZAP Program.

BEHAVIOR GUIDELINES

- A. Students are expected to adhere to reasonable standards of behavior and conduct themselves in an acceptable manner by following the TRACKS values of: Woohoda- Be Respectful; Waokihi- Be Responsible; Awanjichdaka- Be Safe; Wauñsida- Be Caring; and Canwaste uñ- Be Kind.
- B. Positive Behavioral Interventions and Supports (PBIS) will be used to prevent and respond to social emotional behavioral concerns. The classroom teacher will inform parents of classroom infractions (as described below) or violation of any behavior boundary or limit of their child. Student Services (TRACKS), under the supervision of the Principal, shall be responsible for accurately recording and distributing incident reports to parents.
- C. Consequences will be at the discretion of the school Administrator and may include the following actions:
 1. Short term detention: Noon/Before school/After school
 2. In-school suspension
 3. Short term out-of-school suspension

4. Recommendation to the School Board for long term suspension/expulsion
 5. Agreement, Positive Behavior plan, Behavior contract
 6. Conference, Warning or Reprimand
 7. Home/School partnership
 8. Mentoring
 9. Remediation, Re-teaching expectations
 10. Referral for Services or Behavioral group
 11. Property confiscation
 12. Academic penalty
 13. Schedule change
 14. Denial of school privilege
 15. Restitution or Service penalty
 16. Short term Detention: Lunch/recess/ ½ day
 17. In-school Suspension
 18. Short term out-of-school suspension
 19. Recommendation to the school board for long term suspension/expulsion
- D. On the day immediately following an out of school suspension, student(s) and their parents may be required to attend an SAT to discuss the situation and develop a support plan.
- E. If TRACKS and/or Administration are unable to redirect and de-escalate student behavior after three interventions (15-20 minutes), students will be sent home for the remainder of the day as a “reset.”
- F. If the behavior violates any tribal law, the Administrator will file a criminal complaint.

STUDENT BEHAVIOR

The school Administration reserves the right to address inappropriate behavior for any student when, in the judgment of the Administrator, the student knowingly and deliberately exhibits behavior that violates the rules of the school or the classroom. Students are to respect the rights and feelings of other students and staff members. Students will also respect the school building and property as well as the property of others. Discipline situations that arise which are not covered by these guidelines will be handled on a case-by-case basis. Unique or special situations may call for an adjustment in the discipline policies to meet the school needs.

CORPORAL PUNISHMENT

The use of corporal punishment or psychological abuse is prohibited: corporal punishment is defined as inflicting physical pain or injury upon a child in order to punish him or her for misconduct.

REASONABLE FORCE AND RESTRAINT

ESDS has a designated Crisis Management team of staff trained to handle situations that have escalated beyond normal circumstances. They are trained to work with students using researched based, safe, and proactive strategies of intervention and to disarm harmful behaviors. School personnel may use safe procedures to exercise supervisory control over a student. Use of reasonable force and restraint by school personnel is permitted when a student's behavior poses an immediate danger of physical harm to self or others in clearly unavoidable emergency circumstances.

SECLUSION

Seclusion is the use of involuntary confinement of a student. Infectious diseases are illnesses caused by a few specific organisms such as viruses, bacteria, fungi or parasites. These infectious diseases which can be spread from person to person are referred to as contagious or communicable diseases. No child having any contagious or infectious disease or living in any house in which such disease exists may attend school until permitted to do so by written doctor's permission or unless otherwise

noted below. Enemy Swim Day School has developed these guidelines and procedures with the understanding that:

- All Staff have a role in prevention of communicable disease.
- The school Nurse is responsible for education, identification, reporting, notification, and follow-up.
- These Guidelines and Procedures are not exhaustive, but relative to that most often seen in the school setting.
- Environmental safeguards through custodial responsibility are essential.
- Emphasis is on prevention efforts and school attendance and is based on current healthcare standards of practice as well as recommendations and laws set forth by the South Dakota Department of Health.

HAND HYGIENE

Proper hand hygiene is the single most effective way to prevent the spread of most infections. Several studies have indicated an association between hand washing (and the use of alcohol-based hand sanitizers) and a reduction in school absenteeism due to infectious illnesses.

Staff and students should practice hand hygiene:

- Before eating or handling food,
- After recess,
- After toileting, and
- After contact with blood or body fluids, non-intact skin, or nasal and respiratory secretions.

RESPIRATORY HYGIENE/COUGH ETIQUETTE

Posters and signs to remind students and staff about cough etiquette and hand hygiene will be displayed in bathrooms, cafeteria, classrooms, hallways, etc. In addition, parents/guardians will receive similar information through school communication, and will be reminded to keep sick children home from school.

Education of students and staff on appropriate cough etiquette includes:

- Cough or sneeze into elbow crease if no tissue is available.
- Cover the mouth and nose with a tissue when coughing or sneezing and immediately disposing of tissue into wastebasket.
- Practice hand hygiene often.

VACCINE-PREVENTABLE DISEASES

Vaccine-preventable diseases include chickenpox (varicella), diphtheria, Haemophilus influenzae type b (Hib), hepatitis A, hepatitis B, invasive pneumococcal disease, pertussis, polio, measles, mumps, rubella and tetanus.

The South Dakota Department of Health in accordance with state law and regulations, provides for exclusion of students from school if immunizations are not up to date, but exemptions are permitted at school entry for medical and religious reasons. The only exception for exclusion of unimmunized or partially immunized children without medical or religious exemptions is for homeless children: the federal McKinney-Vento Homeless Assistance Act of 2001 stipulates that homeless children cannot be denied entry to school for not possessing immunization records.
